Bring on the night.

You've reached the finish line. No more traffic tag. No more frenzied phone calls. No more memo madness. No more conference chaos. No more spilled coffees. No more clocks. Done. The only agenda item is to immerse yourself in the soothing luxury of a Twilight Series spa by Master Spas. Let the relief and relaxation sweep over you. The time for Twilight is now...

It's the perfect time for Twilight. Life's stresses punch no timecard. The hassles and hurries that dictate your days will come and go as they please. But your remedy — your relief — is ready and waiting for you anytime you want to relax and recharge.

The perfect Twilight for every day.

A Twilight Series spa is a full-sensory experience that combines world-class hydrotherapy with alluring lights and your choice of music for your mood. In addition to the Orion Light System, the Twilight Series offers the optional Afterglow Jet Package that sends brilliant color through the spa's jets. And the optional Fusion Sound System lets you set the perfect mood with its iPod/MP3 docking station and premium sound speakers. Most importantly, though, is the total peace of mind and body that comes with Master Spas' legendary quality and industry-leading design.

Slip into the therapeutic relief of a Twilight Series spa. Dusk ... dawn ... day or night, it's always the perfect time for Twilight.

Twilight Series spas are designed to help you relax and restore your senses. Each unit is equipped to settle your stress by giving you complete control over the water's temperature and tempo. The mood enhancing Afterglow Jet lights and Fusion Sound system will play off your senses and lead you to a state of total relaxation. Here, you will renew your spirit and realize that Twilight is the perfect time, every time.

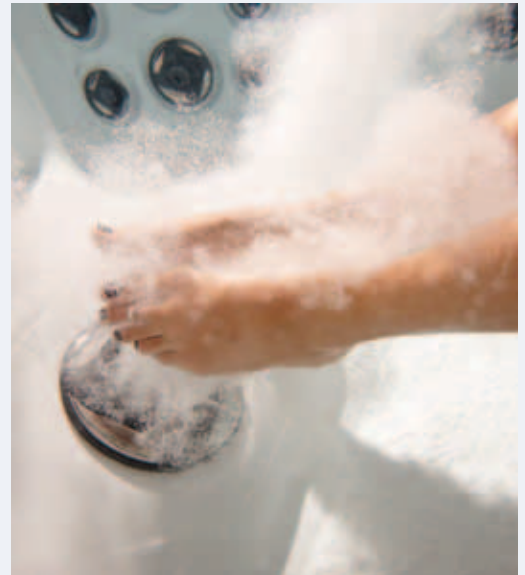

Everything about a Twilight Series spa is delightfully stress-free. The easy-to-use digital control panel allows for one-touch operation so you can relax while your spa does all the work. The optional Afterglow Jet Package brings a kaleidoscope of colors through the jets to further enhance your spa experience, while the standard Orion Light System* beautifully illuminates the cascading waterfall and topside controls.

To complete your sensory indulgence, Twilight Series spas offer an optional Fusion Sound System that features an iPod/MP3 docking station, subwoofer, four speakers, and waterproof remote.

It's all here for you. Waiting for you. The comfort and convenience of a Twilight Series spa is the perfect beginning, ending, or mid-day escape. Bring on the night.
